HOBBIES

Competitive programming
Problem Solving
Machine learning and Ai

LANGUAGE

- 1.Bangla(native)
- 2.English

MD MINHAZUL ISLAM

S t u d e n t

EDUCATION

Rajshahi University Of Engineering And Technology, Bangladesh
Department: Computer Science and Engineering

PROJECTS

1. Creating an Inventory management system using php and html css
2. Created various ML and DL project (Text classification,Genre prediction,review to rating prediction.
3. Various projects on machine learning and Ai.
4. Participated in Various competition in Kaggle and other platform.

SKILLS

1. Good understanding of programming concept like Data structure ,Algorithm, OOP
2. Expert at C,C++, Python,SQL, Javascript programming language
3. Good understanding of machine learning and Ai.
4. Solid understanding about Large Language Models.
5. Excellent knowledge about prompt engineering.

RESEARCH

1. Accepted 1 paper in IEEE conference(ICCIT-2023) link:[Paper](#)
2. Several works are on going .
3. Working on Large Language model and finetune.
